## BEAUTY NAILS & WAX SERVICES

Urban V is the first modern nail salon and spa providing technology and professional technicians who apply an intimate focus on providing excellent customer service and satisfaction.

When reserving nail services, we need to know if you currently have on regular or gel polish to ensure we provide enough time for removal.

## NAILS

### MANICURE

Cleaning the cuticles on the hands with nail polish.

### PEDICURE

Cleaning the cuticles on the feet with nail polish.

### CHANEL MANICURE

Same as a regular manicure, but using Chanel brand nail polish.

### CHANEL PEDICURE

Same as above, but for the feet.

### CHANEL POSE

Only applying Chanel nail polish, without cleaning the cuticles.

### FRENCH MANICURE

Cleaning the cuticles with French style polish.

### FRENCH PEDICURE

Same as above but for the feet.

## NAILS

### RUSSIAN MANICURE

A regular manicure, but instead of using the cuticle cutter and pusher, we use the drill to remove the cuticles. This gives a cleaner and smoother result. It includes normal nail polish (not gelish).

### RUSSIAN PEDICURE

Same technique as the Russian manicure, using the drill, and includes normal polish.

### MEDICAL PEDICURE

A regular pedicure, but done for cases with ingrown nails, to treat and clean them properly. Includes normal polish.

### MEN'S PEDICURE

A regular pedicure for men.

### MEN'S MANICURE

A regular manicure for men.

### POSE

Only applying nail polish on the nails, without cuticle cleaning.

### FRENCH POSE

Applying French polish only, without cleaning the cuticles.

## NAILS

### GELISH MANICURE

Cleaning the cuticles with gelish color. When we say “gelish color,” we mean a polish that lasts around 2 weeks.

### GELISH PEDICURE

Same as above, but for the feet, includes cuticle cleaning and gelish color.

### REFILL GEL/POLYGEL

When a client does gel or polygel, she comes back after about 2 weeks to refill the gaps. We fill it in and reapply the color on top.

### EXTENSION REMOVAL

Removing the full set of gel/polygel extensions.

### OMBRE, CAT EYE, CHROME

These are types of nail designs applied over the gelish color.

### NAIL REPAIR

If a client's nail breaks, we do a nail repair using gel to fix and rebuild it.

### NAIL DESIGN

Any drawing or design done on the nail.

## NAILS

### PARAFFIN

A treatment like a mask for hands or feet, softens the skin. It stays on for around 15 mins then gets removed.

### FAKE NAIL

When a client adds a fake nail on top of their natural nail. It's charged per nail. If the client applies fake nails on all fingers, it's called a full set of fake nails.

### STRUCTURE BASE

Similar to rubber base but thinner and lighter in texture.

### BUILDER

A material like rubber base, but using a newer technique. It protects the nail and also helps in extending it.

### GELISH POSE

Applying gelish polish only, without cleaning the cuticles.

### GELISH FRENCH POSE

A French style gelish polish, without cuticle cleaning.

### REMOVE GELISH

When the client comes to remove gelish color from her nails.

## NAILS

### RUBBER BASE / COLORED

The rubber base is a material applied to the nail to strengthen it and prevent breakage. It helps the nail grow longer. Clients with weak or thin nails often apply rubber. On top of the rubber base, we can apply either normal or gelish color.

### RUBBER REMOVAL

Removing the rubber base from the nails.

### ACRYLIC / GEL / POLYGEL FULL SET

All three are similar in purpose, they're used to extend the nails, reshape them, and help them grow. These materials typically last around 2 weeks. After that, we can apply normal or gelish color on top.
